PROJECTS

- **Fixxi**
  React JS, Redux, Redux Thunk
  Live Project
  It offers Expert mobile Phone Repair Service, laptop repair service, drop services and more. I had contributed by developing the Admin Panel and website of the application.

- **Sveeva**
  React JS, NodeJS, Typeorm, Redux, Redux Thunk, Postgres
  Live Project
  It is event management website. It allows user to browse and create event, business and group. Also, user can register an event.

- **Korean Convenience**
  React JS, Redux, Redux Thunk
  It is for to assist individuals who have food allergies and intolerances to find ready-made Korean food easier. I developed admin panel using theme.

- **Gemach**
  React JS, Redux, Redux Thunk
  Live Project
  It is for table cloth. Community gives table cloth to people for their function and after the functions people return the table cloth to that community

- **Sky Golf**
  React JS, Node JS, Postgres, Typeorm, Redux, Redux Thunk
  I developed admin panel and backend

- **HerbShire**
  NodeJS, Mongo dB, Mongoose, Wati
  It has indoor farm and make salad and sell. I am working on Backend and integrate wati for WhatsApp messages.
